Support & Transparency

UMC Utrecht backs the platform

Through the Radiotherapy Medical Physics Traineeship, UMC Utrecht has agreed to cover the running costs of DLinRT.eu — safeguarding the independence and continuity of the initiative. A huge thank you to the Radiotherapy Department for this support.

Running costs, in the open

We publish our running costs and will keep them up to date at dlinrt.eu/transparency.

Errare humanum est

We strive for accuracy and, alongside the AI tooling, we still value human revision. If you spot an imprecision or error, please reach out — we will take action.

What's next

Certification round opens

Manufacturers can now certify their product listings. Synaptiq — first certified, two CE-marked products. Congratulations.
