Support, Transparency & People

UMC Utrecht backs the platform

Through the Radiotherapy Medical Physics Traineeship, UMC Utrecht has agreed to cover the running costs of DLinRT.eu — safeguarding the independence and continuity of the initiative. A huge thank you to the Radiotherapy Department for this support.

Running costs, in the open

We publish our running costs and keep them up to date at dlinrt.eu/transparency.

Welcome Szabolcs David · thanks to all 12 reviewers

A warm welcome to Szabolcs David, who joins the reviewer team. Huge thanks to all 12 reviewers keeping the catalog trustworthy — full list on the [About page](#).

Errare humanum est

We strive for accuracy and, alongside the AI tooling, we still value human revision. If you spot an imprecision or error, please [reach out](#) — we will take action.

What's next

Save the date · DLinRT workshop, Utrecht · March 2026

DLinRT.eu will support the organization of a two-day international workshop in Utrecht around March 2026. Dates and venue are being finalised — details will follow around September on dlinrt.eu and dlinrt.org.

Certification round opens

Manufacturers can now certify their product listings. [Synaptiq](#) — first certified, two CE-marked products. Congratulations.

MIART @ MICCAI · Oct 1, 2026

First fully dedicated radiotherapy satellite event at MICCAI, Strasbourg. miart-workshop.github.io

Next review round · Nov 1 → Dec 15, 2026

We are looking for more reviewers — many hands make the workload lighter. [Get in touch](#).
